Coffea arabica L. Suitable Areas in Ethiopia

ADMASU SHIFERAW

Ministry of State Farm Coffee and Tea Development, P.O. Box 2594, Addis Ababa, Ethiopia

SUMMARY

Maps of the country in the scale of 1:2,000,000 were drawn for altitude, rainfall and soils; then these maps were superimposed to locate the highly, moderatly and marginally suitable areas and the land area was measured by digital planometer.
